Course details

🎓 Public Health

📅 2 years

📄 Master of
Public Health (MPH)

📄 120 ECTS credits

€ 3,940 EUR per year

🌐 Taught in English

The degree programme Public Health aims to provide competencies for students wishing to pursue a career in public and private health sectors as well as in non-governmental organizations.

The MPH degree is the most widely recognized professional credentials for leadership in public health.

The programme is intended for graduates already holding a bachelor's or master's degree, who are seeking to broaden their understanding and knowledge in the field of public health.

AFTER GRADUATION YOU CAN:

👤 Work in public health care services in local, national and international public health centres and other institutions;

👤 Play leadership and managerial roles in the health care system;

👤 Continue your education by entering PhD programmes;

👤 Work in the inter-sectorial field within NGOs and public health projects, actions and initiatives;

👤 Pursue a professional career in research and teaching in the fields of communicable and non-communicable disease epidemiology, health care service research, preventive medicine and other areas.
