Course details

🎓 Nursing

📅 4 years

📄 Bachelor of
Nursing

🎓 240 ECTS credits

€ 4,500 EUR per year

🌐 Taught in English

The degree programme Nursing aims at training nurses who understand the principles, theories and methods of nursing, have broad knowledge of nursing science, and who are able to independently and critically evaluate the nursing needs of healthy persons and chronically ill people with different somatic and mental health diseases, and develop a greater sense of both personal and professional value systems.

AFTER GRADUATION YOU CAN:

👤 Apply for a license to practice nursing;

👤 Work as a general practice nurse at different public and private health care institutions providing health care services at all three care levels;

👤 Continue your education by entering master's programmes.

Structure of programme

what you will learn each year

YEAR 1

Humanitarian-Social Sciences, Biomedical Sciences, Health Care, Nursing Techniques

⋮

YEAR 2

Environment and Health Sciences, Nursing, Basics of Clinical Subjects

⋮

YEAR 3

Adult Nursing, Pedagogic Module, Nursing Administration and Research Work

⋮

YEAR 4

Special Nursing, Geriatric Nursing, Final Clinical Practice Examination, Preparation and Defence of Bachelor's Thesis

At the end of each semester, students perform clinical training that is part of the development of practical skills. The competencies, which are expected to be achieved during clinical training, correspond to the EU directives 2005/36/EC and 2013/55/EU

WHY TO STUDY NURSING AT THE LITHUANIAN UNIVERSITY OF HEALTH SCIENCES ?

- Clinical skills developed in the largest clinical hospital in the Baltic States;
- Diploma recognized in EU;
- Multicultural environment and student community: international students from 48 different countries make up nearly 10% of the total student population at LSMU;
- Possibility to spend a semester abroad with the Erasmus+ exchange programme;
- Support system for students' adaptation: mentoring, tutoring and psychological counselling.
