

Description of degree programme

Title of degree programme	National code			
Physical Therapy	612B31002			
Language of instructions	Mode of study and length			
Lithuanian	4 years (full-time)			
ECTS credits length	Student's workload			
240	6400			
Contact work hours	Independent workhours			
4800	1600			
Study area	Degree and qualification awarded			
Biomedical sciences	Bachelor's Degree in Rehabilitation, Physical Therapist			
Programme director	Contacts			
doc. Daiva Petrusėvičienė	(+370 37) 327234			
Purpose of the programme				
The aim of the studies - to prepare qualified physiotherapists who could be able to follow the latest scientific knowledge and critically analysing to apply them independently for prevention and treatment in all health care, educational and wellness institutions.				
Course structure diagraph with credits				
Subject	ECTS credits	Student's workload	Contact work hours	Independent workhours
1st year	60	1600	1200	400
1st semester	30	800	600	200
Introduction to Studies	3	80	60	20
Fundamentals of Educology	3	80	60	20
Professional Language	3	80	60	20
Cytology, Genetics	5	133	100	33
Personal Health Promotion	5	134	100	34
First Aid	5	133	100	33
Anatomy	6	160	120	40
1st year				
2nd semester	30	800	600	200
Philosophy, Ethics	6	160	120	40
Sociology	3	80	60	20
Professional Language	3	80	60	20
Physiology	6	160	120	40
Fundamentals of Physical Therapy	6	160	120	40
Communication	3	80	60	20
Elective Subject	3	80	60	20
2nd year	60	1600	1200	400
1st semester	30	800	600	200
Professional Language	3	80	60	20
Psychology	3	80	60	20
Physiology	6	160	120	40
Biomechanics	6	160	120	40
Physical Therapy Methods	6	160	120	40

Elective Subject	3	80	60	20
Elective Subject	3	80	60	20
2nd year				
2nd semester	30	800	600	200
Professional Language	3	80	60	20
Communication	3	80	60	20
Kinesiology	7	187	140	47
Pathology	6	160	120	40
Practice 2	6	160	120	40
Elective Subject	3	80	60	20
Elective Subject	2	53	40	13
3rd year	60	1600	1200	400
1st semester	30	800	600	200
Physical Therapy in Neurological Disorders	9	240	180	60
Rehabilitation	5	133	100	33
Physical Therapy in Internal Medicine	6	160	120	40
Physical Therapy for Surgical Patients	4	106	80	26
Elective Subject	3	80	60	20
Elective Subject	3	80	60	20
3rd year				
2nd semester	30	800	600	200
Social Medicine and Health Care Management	6	160	120	40
Teaching Methods in Occupational Therapy	3	80	60	20
Foundations of Ergonomics	3	80	60	20
Physical Therapy in Orthopaedics and Traumatology	3	80	60	20
Practice 3	6	160	120	40
Elective Subject	3	80	60	20
Elective Subject	6	160	120	40
4rd year	60	1600	1200	400
1st semester	30	800	600	200
Informatics and Basics of Scientific Research	6	160	120	40
Physical Therapy in Neurological Disorders	9	240	180	60
Physical Therapy in Pregnancy and Gynaecology	3	80	60	20
Practice 4	6	160	120	40
Final Work	3	80	60	20
Elective Subject	3	80	60	20
4rd year				
2nd semester	30	800	600	200
Pediatric Physical Therapy	3	80	60	20
Practice 5	18	480	360	120
Final Work	9	240	180	60
Total	240	6400	4800	1600
