After finishing request, it is necessary to choose position **Search** from menu. You will close the windows with your data and information about the publications that you have taken will be inaccessible for other users.

It is possible to take ordered publications in delivery room on the second floor.

HOW TO RETURN OR PROLONG USING ORDERED PUBLICATION?

The readers must return all publications taken in library:

- when the term ends, indicated in catalogue-menu (Information about reader);
- if student takes academic vacation;
- if work or studies are stopped temporarily or completely.

If the publications are not ordered by the other reader, it is possible to postpone 4 times the term for returning publications by inthinternet.

The readers can return publications by using returning machine on the 1st floor or return in service to readers posts.

If you will not return publications in time then system will start to calculate money – for one belated day – 0,50 Lt for every publication.
