

Subject	ECTS credits	Student's workload	Contact work hours	Independent workhours
1st year	60	1600	1096	504
1st semester	30	800	564	236
Medical Physics	4	107	90	17
Medical Chemistry	5	133	90	43
Cytology, Parasitology	5	133	90	43
General Health Basics	4	107	90	17
Professional Language	3	80	70	10
Introduction to Studies	3	80	54	26
Anatomy	6	160	80	80
1st year				
2nd semester	30	800	532	268
Human Histology and Embriology	5	133	80	53
Anatomy	6	160	80	80
Professional Language	4	107	80	27
Genetics	4	107	90	17
Basics of Statistics and Informatics	5	133	90	43
Elective in General University Education	3	80	60	20
Elective in Fundamental Philosophy	3	80	52	28
2nd year	60	1600	1188	412
3st semester	30	799	589	202
Module of Basics of Pre-clinical Studies and Locomotion	16	427	300	127
Module of Nutrient Uptake and Homeostasis (part Homeostasis)	8	213	150	63
Professional Language	3	79	67	12
Philosophy of Medicine	3	80	72	8
2nd year				
4th semester	30	803	581	222
Module of Respiration and Circulation	16	427	300	127
Module of Nutrient Uptake and Homeostasis (part Nutrient uptake)	8	214	150	64
Professional Language	1	28	23	5
Philosophy of Medicine	2	54	40	14
Elective in Humanitarian Subjects	3	80	68	12
3rd year	60	1600	1080	522
5th semester	30	800	600	200
Module of Human Reproductive Health and Essentials of Clinical Studies	16	427	300	127
Environmental and Social Medicine	3	80	60	20
Module of	8	214	150	64

Fundamentals of Neuroscience (part Senses and Perception)				
Professional Language	3	80	60	20
3rd year				
6th semester	30	800	480	320
Module of Immune Response and Infection	16	427	300	127
Module of Fundamentals of Neuroscience (part Nervous and Endocrine Regulation)	8	213	150	63
Elective in Medical Fundamentals	3	80	60	20
Elective in Fundamental Philosophy	3	80	60	20
4th year	60	1567	1161	406
7th and 8th semester	60	1567	1161	406
Module of Cardiovascular Diseases and Endocrine diseases	15	400	264	136
Module of Diseases of Locomotor and Musculoskeletal System, and Intensive Medicine (I part – Diseases of locomotor and musculoskeletal system)	9	240	194	46
Module of Chest Diseases, Allergology and Clinical Immunology; Hematology and Oncology	15	367	260	107
Skin, Sexually Transmitted and Infectious Diseases	6	160	127	33
Psychiatry and Clinical Psychology	6	160	116	44
Public Health, 1st module	9	240	200	40
5th year	60	1600	1211	389
9st and 10th semester	60	1600	1211	389
Module of Children Diseases	12	320	239	81
Module of Obstetrics and Gynecology	12	320	251	69
Module of Diseases of Locomotor and Musculoskeletal System, and Intensive Medicine (II part – intensive medicine)	9	240	198	42
Module of Diseases of Digestive System	12	320	254	66
Module of Nervous	9	240	162	78

System Diseases				
Module of Kidney and Urinary Tract Diseases and Clinical Toxicology	6	160	107	53
6th year	60	1600	576	1024
11th and 12th semester	60	1600	576	1024
Public Health, II nd module	6	160	126	34
Module of Eye, ENT and Maxillifacial diseases	6	160	138	22
Module of Geriatrics and Family Medicine	6	160	130	30
Clinical Practice of Medicine and Research Work	30	800	0	800
Final Examination	1	26	4	22
Elective speciality subject	8	214	198	54
Elective research work	3	80	18	62
