Bates' Visual Guide...

Table of Contents

Vol. 1: Head-to-Toe Assessment: Adult

Introduction
 Importance of Patient Comfort
 General Survey & Vital Signs
 The Skin
 HEENT
 Nervous System: Cranial Nerves
 The Neck
 Back, Posterior Thorax, and Lungs
 Upper Extremities
 Breasts
 Anterior Thorax and Lungs
 Cardiovascular System
 Abdomen
 Peripheral Vascular System
 Lower Extremities
 Nervous System
 Genital and Rectal
 Recording Your Findings
 Summary

Vol. 2: Head-to-Toe Assessment:

Infant

Introduction

General Survey and Somatic Growth
 Vital Signs
 The Skin
 Head and Neck
 The Eyes
 Ears and Nose
 Mouth and Pharynx
 Thorax and Lungs
 The Heart
 Breasts and Abdomen
 Genitalia and Rectum
 Musculoskeletal System
 Nervous System
 Recording Your Findings

Vol. 3: Head-to-Toe Assessment: Child

Approach to the Child Patient
 General Survey and Somatic Growth
 Vital Signs
 The Skin
 Head and Face
 The Eyes
 Ears and Nose
 Mouth and Pharynx
 Thorax and Lungs
 Breasts and Abdomen
 Male Child Genitalia
 Female Child Genitalia
 Musculoskeletal System
 Nervous System
 Recording Your Findings

Vol. 4: Head-to-Toe Assessment:

Elder

Adult

Introduction
 Approach to Patient and Interviewing
 Techniques
 Health History
 General Survey and Vital Signs
 The Skin and HEENT
 Thorax, Lungs, and Cardiovascular
 System
 Breasts, Abdomen, and Peripheral

Vascular System
 Genital and Rectal
 Musculoskeletal and Nervous Systems
 Recording Your Findings

Vol. 5: General Survey and Vital Signs

Introduction
 Health History
 General Survey
 Vital Signs
 Acute and Chronic Pain
 Recording Your Findings

Vol. 6: Skin

Introduction
 Health History
 Anatomy Review—Skin, Hair, and Nails
 Examining the Skin
 Examining Hair and Nails
 Recording Your Findings

Vol. 7: Head, Eyes, and Ears

Introduction
 Anatomy Review—Head
 Examining the Head
 Anatomy Review—Eyes
 Examining the Eyes
 Anatomy Review—Ears
 Examining the Ears
 Recording Your Findings

Vol. 8: Nose, Mouth, and Neck

Introduction
 Anatomy Review—Nose
 Health History
 Examining the Nose
 Anatomy Review—Mouth
 Examining the Mouth
 Anatomy Review—Neck
 Examining the Neck
 Recording Your Findings

Vol. 9: Thorax and Lungs

Introduction
 Anatomy Review—Thorax and Lungs
 Beginning the Examination of the Thorax
 and Lungs
 Examining the Posterior Thorax
 Examining the Anterior Thorax
 Recording Your Findings

Vol. 10: Cardiovascular System

Introduction
 Health History
 Anatomy Review—Vascular Structures
 of
 the Neck
 Estimating Jugular Venous Pressure (JVP)
 Assessing the Carotid Pulse

Anatomy Review—Heart

Examining the Heart
 Heart Sounds
 Auscultation of Heart Sounds
 Attributes and Grading of Heart
 Murmurs
 Recording Your Findings

Vol. 11: Peripheral Vascular System

Introduction
 Anatomy Review
 Health History

Examining the Arms
 Examining the Abdomen
 Examining the Legs
 Assessing for Chronic Arterial
 Insufficiency
 Assessing for Venous Insufficiency
 Recording Your Findings

Vol. 12: Breasts and Axillae

Introduction
 Anatomy Review—Breasts and Axillae
 Health History
 Examining Female Breasts
 Examining Male Breasts
 Examining Axillae
 Recording Your Findings

Vol. 13: Abdomen

Introduction
 Health History
 Anatomy Review—Abdomen
 Examining the Abdomen
 Examining the Liver
 Examining the Spleen
 Examining the Kidneys
 Special Techniques
 Recording Your Findings

Vol. 14: Male Genitalia, Hernias, Anus, and Rectum

Introduction
 Health History—Male Genitalia and
 Hernias
 Anatomy Review—Male Genitalia and
 Hernias
 Examining the Male Genitalia
 Assessing for Hernias
 Anatomy Review—Rectum
 Health History—Rectum, Prostate, and
 Bladder
 Examining the Anus, Rectum, and
 Prostate
 Recording Your Findings

Vol. 15: Female Genitalia, Anus, and Rectum

Introduction
 Health History
 Anatomy Review—External Female
 Genitalia
 Examining the External Female Genitalia
 Anatomy Review—Internal Female
 Genitalia
 Examining the Internal Female Genitalia
 Rectovaginal Examination
 Recording Your Findings

Vol. 16: Musculoskeletal System

Introduction
 Anatomy Review—Mandible
 Examining the Mandible
 Anatomy Review—Shoulders
 Examining the Shoulders
 Anatomy Review—Elbows
 Examining the Elbows
 Anatomy Review—Wrists and Hands
 Examining the Wrists and Hands
 Anatomy Review—Spine
 Examining the Spine

Anatomy Review—Hips
 Examining the Hips
 Anatomy Review—Knees
 Examining the Knees
 Anatomy Review—Ankles and Feet
 Examining the Ankles and Feet
 Recording Your Findings

Vol. 17: Nervous System: Cranial Nerves and Motor System

Introduction
 Health History
 Anatomy Review—Cranial Nerves
 Examining Cranial Nerves I-XII
 Examining the Motor System
 Assessment of Coordination
 Recording Your Findings

Vol. 18: Nervous System: Sensory System and Reflexes

Introduction
 Anatomy Review—Sensory System
 Examining the Sensory System
 Anatomy Review—Reflexes
 Assessment of Reflexes
 Recording Your Findings

OSCE 1: Chest Pain

Introduction
 Health History
 Physical Examination
 Diagnostic Considerations
 Diagnostic Workup
 Summary

OSCE 2: Abdominal Pain

Introduction
 Health History
 Physical Examination
 Diagnostic Considerations
 Diagnostic Workup
 Summary

OSCE 3: Sore Throat

Introduction
 Health History
 Physical Examination
 Diagnostic Considerations
 Diagnostic Workup
 Summary

OSCE 4- Knee Pain

Introduction
 Health History
 Physical Examination
 Diagnostic Considerations
 Diagnostic Workup
 Summary

OSCE 5: Cough

Introduction
 Health History
 Physical Examination
