

4th Meeting on Intensive and Invasive Cardiology

May 30-31st, 2014

Vilnius, Lithuania

President of the meeting:

Pranas Serpytis (Lithuania)

Co-chairs:

Joseph Alpert (USA)

Holger Thiele (Germany)

Aleksandras Laucevicius
(Lithuania)

Acute
Cardiovascular
Care Association
A Registered Branch of the ESC

International Faculty**Local Faculty**

Prof. K. Huber, Austria
 Prof. P. Goldstein, France
 Prof. H. Thiele, Germany
 R. Gebauer, MD, Germany
 P. Lurz, MD, Germany
 Prof. I. Dähnert, Germany
 Prof. G. Schuler, Germany
 T. Hasin, MD, Israel
 Prof. M. Nahir, Israel
 Prof. Y. Hassin, Israel
 Prof. A. Erglis, Latvia
 Prof. J. Piek, Netherlands
 Prof. R. Gil, Poland
 L. Koltowski, MD, Poland
 Prof. A. Witkowski, Poland
 Prof. M. Mamedov, Russia
 Prof. I. Kornilov, Russia
 Prof. M. Noc, Slovenia
 Prof. F. Valetra, Switzerland
 Prof. J. Alpert, USA
 Prof. Q. Chen, USA

Prof. K. Rucinskas
 Prof. P. Serpytis
 Prof. A. Aidietis
 S. Aidietiene, MD
 G. Davidavicius, MD
 Prof. A. Laucevicius
 V. Joksas, MD
 D. Jarasuniene, MD
 R. Unikas, MD
 V. Abraitis, MD
 A. Baranauskas, MD
 Prof. R. Navickas

Venue:

Vilnius University, Universiteto st. 3, Vilnius, Lithuania

	Foreign Delegates	Local Delegates	Students, residents
Standart Early Fee until May, 1st	100EUR	150LT	100LT
Fee from May, 1st to May, 29th	150EUR	200LT	100LT
On Site	175EUR	250LT	150LT
Gala Dinner	50EUR	80LT	80LT

Abstracts deadline: May, 1st, 2014

Friday, May 30th

08:00 Registration

09:00 Opening Ceremony

09:30 **Keynote Lecture: "All the things I was taught in medical school that turned out to be false" - Prof. J. Alpert, USA (Hall A)**

Session No 1: **Acute Coronary Syndromes**
Chairmen: Holger Thiele (Germany); Pranas Serpytis (Lithuania); Jan Piek (Netherlands)
Hall A

Session No 2: **Registries, networks and drugs in ACS**
Chairmen: Patrick Goldstein (France); Joseph Alpert (USA); Aleksandras Laucevicius (Lithuania) **Hall B**

10:00 "PCI of Culprit lesion only or multivessel PCI in Acute Coronary Syndromes" - **Prof. H. Thiele**, Germany

"Insights from the STREAM Trial: early treatment of STEMI patients, update from the point of view of the emergency physician" - **prof. P. Goldstein**, France

10:20 "The coronary microcirculation (prognostic relevance), monocytes and it's role in acute MI" - **Prof. J. Piek**, Netherlands

"Shortening the time for immediate reperfusion in ST elevation myocardial infarction" - **prof. Menachem Nahir**, Israel

10:40 -
11:00

Coffee Break

11:00 "Left main stenting in high-risk patients"- **prof. A. Witkowski**, Poland

"Eastern Lithuanian Cardiology Programme (ELCP) A story of Integration" - **Prof. A. Laucevicius**, Lithuania

11:20 "ACS: treatment for thrombus rich lesions" - **prof. R. Gil**, Poland

"Non STEMI Patients: have we to reconsider our clinical practice on pre-treatment" - **prof. P. Goldstein**, France

11:40 "Bifurcation: how to deal with bifurcations - simple vs complex methods (including experience with dedicated bifurcation stent)"- **prof. R. Gil**, Poland

"The state of interventional cardiology in Lithuania" - **prof. R. Navickas**, Lithuania

12:00 "Bioabsorbable stents - where are we now? Where are we going?" - **Prof. A. Erglis**, Latvia

"STEMI from trials to real life: importance of surveys and registries" - **prof. P. Goldstein**, France

12:20 "Therapeutic hypothermia after sudden cardiac arrest - current body of evidence and available modes of treatment" - **L. Koltowski, MD**, Poland

"Increased risk of cancer in heart failure patients"- **T. Hasin, MD**, Israel

12:40 "Hypothermia for STEMI-where we are after (negative) CHILL MI?" - **prof. M. Noc**, Slovenia

"Why should we use 3D TEE in interventional procedures" - **prof. F. Faletra**, Switzerland

13:00 -
14:10

Lunch

Session No 3: **Valvular Heart Diseases**
 Chairmen: Philip Lurz (Germany); Ingo
 Dähnert (Germany), Kestutis Rucinskas
 (Lithuania)

Session No 6: **Moderated poster session**

14:10 "Modifying the risk of fatal arrhythmia in
 GUCH patients"- **Dr. R. Gebauer**, Germany

14:30 "Percutaneous pulmonary valve
 implantation in GUCH patients" - **Med. Dr. P.
 Lurz**, Germany

14:50 "Grown up congenital heart disease - the
 raising but unmet challenge"- **prof. I.
 Dähnert**, Germany

15:10 "Interventional Mitral Valve repair" - **Prof. H.
 Thiele**, Germany

15:30 "Hybrid approach to mitral valve repair" -
prof. K. Rucinskas, Lithuania

Moderated poster session

Coffee Break

Session No 5: **Acute Heart Failure (Hall A)**
 Chairmen: Marko Noc (Slovenia); Kestutis
 Rucinskas (Lithuania)

Session No 4: **Novel treatment and
 diagnostic methods in cardiology (Hall B)**
 Chairmen: Francesco Valetta (Switzerland);
 A. Erglis (Latvia), A. Aidietis (Lithuania)

15:50 "Cardiogenic shock beyond IABP (VA
 ECMO)" - **Prof. M. Noc**, Slovenia

"Myocardial preservation in myocardial
 ischaemia" - **prof. Q. Chen**, USA

16:10 "Shock treatment in general" - **Prof. H.
 Thiele**, Germany

"Can therapeutic hypothermia be helpful in
 reducing injury after acute coronary
 syndrome?" - **L. Koltowski**, MD, Poland

16:30 "Complications of left ventricular device
 chronic support" - **T. Hasin, MD**, Israel

"TAVI in bicuspid aortic valves"- **prof. A.
 Witkowski**, Poland

16:50 "Novelties in the invasive treatment of
 structural heart disease." - **Prof. A. Erglis**,
 Latvia

"New percutaneous valves" - **Prof. G. Schuler**,
 Germany

17:10 "Monitoring in cardiogenic shock" - **Prof. Y.
 Hasin**, Israel

"A Hybrid Approach for Transcatheter
 Paravalvular Leak Closure of Mitral
 Prosthesis in High Risk Patients Through
 Transapical Access" - **prof. A. Aidietis**,
 Lithuania

17:30 "Use of Extracorporeal circulation in the
 cath lab" - **Prof. I. Kornilov**, Russia

"Renal denervation in resistant
 hypertension" - **prof. G. Speciale**, Italy

20:00

Galla Dinner

Saturday, May 31st

Session No 7: **Medical Management of Coronary Artery Disease (Hall A)**

Chairmen: Kurt Huber (Austria); Joseph Alpert (USA); Holger Thiele (Germany)

09:00 "New lipid management guidelines" - **Prof. J. Alpert**, USA

09:20 "Global STEMI networks: Similarities and differences" - **Prof. K. Huber**, Austria

09:40 "Chronic ischemic heart disease, areas of consensus and areas of controversy" - **Prof. J. Alpert**, USA

10:00 "Triple Therapy in AF and After ACS" - **Prof. K. Huber**, Austria

10:20 "Management of acute coronary syndromes in patients with diabetes mellitus" - **Prof. M. Mamedov**, Russia

10:40 "Duration of DAPT after DES and ACS: Is one year necessary?" - **Prof. K. Huber**, Austria

11:00 "Management of anticoagulation for patients with atrial fibrillation" - **S. Aidietiene**, Lithuania

11:20 -
11:50

Coffee Break

Session No 8: **Clinical Cases (Hall A)**

Chairmen: Joseph Alpert (USA); Yonahtan Hasin (Israel); Giedrius Davidavičius (Lithuania)

11:50 **Vytautas Abraitis, MD** - Vilnius, Lithuania

12:10 **Arvydas Baranauskas, MD** - Vilnius, Lithuania

12:30 **Valentinas Jokšas, MD, Dalia Jarasuniene, MD**, Klaipeda, Lithuania

12:50 **Ramunas Unikas, MD**, Kaunas, Lithuania

13:10 Discussions

13:30 Closing remarks, **prof. P. Serpytis, prof. J. Alpert, prof. H. Thiele**
