

Introducing Informa Healthcare *Expert Reviews* series

The *Expert Reviews* series cover a broad range of therapy areas with a focus on all the relevant topics in contemporary clinical medicine. The journals deliver systematic, authoritative analysis and insightful commentary from international experts with 18 titles covering all aspects of modern medicine.

Why choose the *Expert Reviews* series

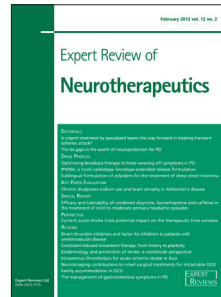

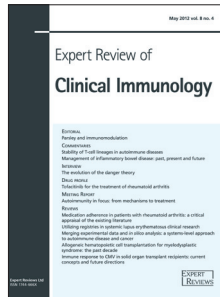

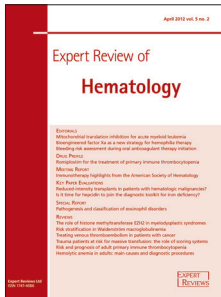

- The *Expert Reviews* series features timely articles published monthly or bi-monthly by leading experts in the field with a specially structured format that maximizes accessibility.
- Through the publication of reviews, news, interviews and special reports, *Expert Reviews* is the gateway to cutting-edge discussion and debate.

- Timely reviews

- High-quality imagery and tabular data

- Acclaimed authors and editorial boards

- Rigorous peer-review and a dedicated in-house editorial team
